Imsimbi Training proudly presents

Occupational Certificate: Supply Chain Practitioner NQFL 5

12 months programme

This qualification is accredited by QCTO and the material covers SAQA QUAL ID 110942 at a NQF level 5 worth 180 credits

Imsimbi College is a fully accredited provider with the QCTO.

PURPOSE OF THE PROGRAMME

This learnership exposes the delegates to a range of thinking around the concepts of Supply Chain Management. It enables the delegates to freely debate the inter-relationships of various supply chain processes - distinguishing between procurement, supply management, operations, distribution and logistics.

In addition, the learners will be introduced to the benefit of mindfulness when it comes to applying professional values and ethics in one's conduct within a Supply Chain Environment. After attending this course, the delegates will be able to:

- Navigate the evolving supply chain environment with agility.
- Lead teams and build sustainable supplier relationships.
- Use technology and data to drive efficiency and service delivery.
- Manage international trade, risk, procurement, warehousing, and logistics.
- Measure, analyse and improve supply chain performance.
- Develop and implement supply chain strategies and contracts.
